

# Tree Planting Funding Program

# 2010

Save up to 75% or more on the cost of CVC's Tree Planting Services.

Minimum planting requirements apply.

Credit Valley Conservation's Tree Planting Service, offered in partnership with Trees Ontario, provides funding to significantly reduce the cost of tree planting for rural landowners.

This tree planting partnership aims to increase the number of tree planting projects within the Credit River Watershed.

## Are you a Landowner Who Wants to:

- ✦ Increase forest cover, reduce greenhouse gases and combat climate change?
- ✦ Improve the quality of the natural environment on your property?
- ✦ Attract more wildlife and increase wildlife habitat?
- ✦ Improve water quality in your streams and ponds?
- ✦ Help protect groundwater supplies?
- ✦ Improve outdoor recreational opportunities?
- ✦ Buy local?

## Call Now for Spring Planting

### To Qualify:

Landowners must own at least 2 acres of land and meet the specific eligibility requirements.
